

ELECTRIC POWER SERVICES

INFRASOURCE

A QUANTA SERVICES COMPANY

OUR MISSION

To safely deliver innovative, efficient, and high-quality construction solutions to the energy distribution industry by providing best-value services to our customers, developing and retaining the best people in the industry, committing to the highest safety and quality standards, and investing in the best equipment and technology available.

Our company values drive our approach to work.

INFRASOURCE

A QUANTA SERVICES COMPANY

Throughout InfraSource's history we have delivered various solutions to the electric power transmission and distribution industry. Whether the project requires specific time-driven outages or immediate 24/7 response, our skilled management team and field workforce stand ready to deliver with technical expertise and a customer-focused approach.

InfraSource is committed to the health and safety of our employees, customers, contractors, and the communities in which we work. Our goal is to complete all projects without injuries because it is our duty to do so. We have created an atmosphere in which all of our employees have the opportunity and obligation to take ownership of their own safety and of their coworkers.

We provide and maintain a safe work environment for all our stakeholders so that we can bring all our people home safely each day.

CAPABILITIES

OVERHEAD ELECTRIC CAPABILITIES

- Pole Installation
- Pole Replacement
- Pole Make-Ready
- Primary Conductor
- Aerial Cable
- Overhead Secondary and Services
- Transformer Installation
- Capacitor Bank Installation
- Switch/Recloser Installations
- 5G Pole Attachments
- Feeder Storm Hardening
- Storm Restoration
- 24/7 Emergency Response
- Urban, Suburban, and Rural Environments

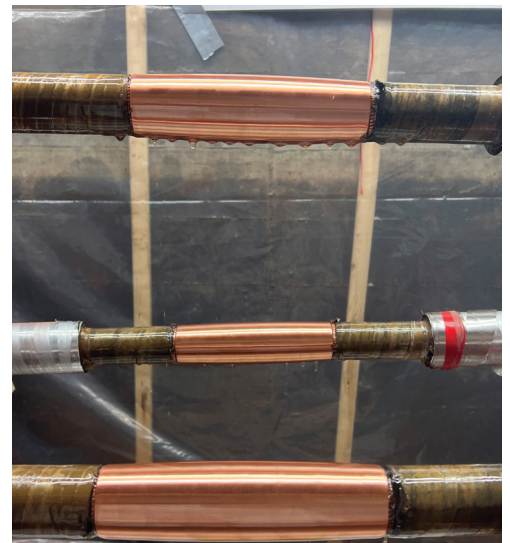

HIGH-VOLTAGE UNDERGROUND ELECTRIC CAPABILITIES

- High Pressure Fluid Filled (HPFF) and High Pressure Gas Filled (HPGF) Cable System Installation and Maintenance
- Cross Linked Polyethylene (XLPE) and Extruded Propylene Rubber (EPR) Cable System Installation and Maintenance
- Self-Contained Fluid Filled (Low and Medium Pressure) Cable System Installation and Maintenance
- Steel/Plastic Conduit Installation
- Splice and Termination Installation
- Racking, Grounding, and Link Box Installation
- Pumping Plants and Hydraulic Piping Installation
- Manhole Inspection and Refurbishment
- DGA Testing and Sampling

UNDERGROUND ELECTRIC – CIVIL CAPABILITIES

- PVC/HDPE Conduit and Duct Bank Installation
- Cast-in-Place and Precast Manhole Installation
- Manhole Repair, Re-build and Adjustment
- Horizontal Directional Drilling
- Jack and Bore
- Vacuum Excavation
- Foundations and Steel Structure Installation
- Traffic Control

CAPABILITIES (CONTINUED)

ENGINEERING

- Feasibility Studies and Route Development
- Master Planning
- NERC Resolutions
- Cable Sizing and Ampacity Calculations
- System Load Studies
- Plan and Profile Conduit Duct Bank Design
- Manhole and Vault Design
- Grounding and Bonding Design
- Pulling Tension and Sidewall Pressure Calculation
- Construction Support

CATHODIC PROTECTION CAPABILITIES

- Design, Installation, and Maintenance
- Continuity Testing
- Direct and Alternating Current Voltage Gradient (DCVG and ACVG) Surveys
- Close Interval Surveys (CIS)
- Annual Testing (Rectifiers, Maintenance and Field Inspections)
- AC Mitigation Testing
- Documentation via ESRI to Provide Accurate Time and Location Data

SUBSTATION SERVICES

Infrasource has vast experience managing QA/QC inspections, material management, safety oversight, building greenfield (new construction), maintenance, and brownfield (expansion), substation, and battery storage facility projects across the United States.

GREENFIELD (NEW CONSTRUCTION)

Up to 765 kV Switchyards
34.5 kV to 765 kV Substations Indoor GIS Substations
BESS Including Step-up Station 34.5 kV to 230 kV

MAINTENANCE

34.5 kV to 765 kV Substations
34.5 kV to 765 kV Switchyards
Preventative Maintenance
Predictive Maintenance

BROWNFIELD (EXPANSION)

Up to 765 kV Switching Station
34.5 kV to 765 kV Substation

INFRASOURCE IS A PREMIER PARTNER FOR POWER PROJECTS

Our commitment to innovation and industry-leading resources make InfraSource a trusted partner. We focus on building strategic, long-term relationships with our customers. We do this by delivering construction services with integrity, a commitment to safety, and the promise of quality.
