

# Industry Leading Infrastructure Solutions Provider

**INFRASOURCE**

A QUANTA SERVICES COMPANY

# About InfraSource

## WHO WE ARE

Since 1954, InfraSource has been a partner our customers can trust to deliver innovative and efficient energy infrastructure solutions. With a solid track record of performance, integrity, and — above all — a commitment to safety and quality, we provide comprehensive construction and professional services to the natural gas, oil, electric power and telecom industries.

Construction

Electric

Telecom

## OUR CORE VALUES

**SAFETY**

**QUALITY**

**OWNERSHIP**

**INTEGRITY**

**SERVICE**

**TEAM**

Our core values are more than just words on paper — they are embedded in everything we do and in every one of our employees. They have been refined over half a century and demonstrate our commitment to all our stakeholders.

## A HIGHLY SKILLED WORKFORCE

Our employees are the foundation for the outstanding level of quality and service we provide our customers, and because of them we are a national leader in the energy infrastructure industry. With access to comprehensive training and state of the art development programs, the InfraSource team is one of the country's most highly skilled workforces. Our partnership with Northwest Lineman College allows us to provide the comprehensive training our employees need to excel. This training also helps keep our job sites safe.

**2,000 DEDICATED INFRASOURCE EMPLOYEES**

**With decades of experience**

# Safety Focused

## WE ARE CHANGING THE WAY WE DO SAFETY

Safety is ingrained in our culture. We have created an atmosphere in which all of our employees have the opportunity and obligation to take ownership of their own safety and that of their coworkers. We are dedicated to bringing all our people home safely each day, and that means having support from the top down. Not only are we committed to our employees, but Quanta is also committed to the industry we serve, to our customers and to our communities.

**SAFETY IS  
OUR HIGHEST  
PRIORITY**

**\$100 M + Invested  
in training and safety over  
the last 5 years (Quanta)**

We are in the people business, and we know that people are fallible. Therefore, we will always do our best to prevent incidents, but we realize that mistakes will happen. When mistakes happen, the question becomes, “Do we have the capacity to absorb failure without causing harm?” **Our Capacity Model** creates a work environment that focuses on preventing an incident while also building the capacity for failure by always planning and executing our work as if failure is going to happen today.

We learn from each job, each mistake, and each success to continue getting better. Safety is not merely the absence of injuries; it is the presence of capacity.

---

**At InfraSource, we believe safety is not just a policy — it is the core of who we are and at the forefront of our focus.**

## **THE ENERGY WHEEL**

The Energy Wheel is a hazard-identification tool that helps workers systematically look for types of energy. It focuses on hazards that can cause a life-threatening, life-altering, or life-ending injury.

# Our Capabilities

## MARKETS SERVED

We continually grow our knowledge base, capabilities and geographic reach so we can anticipate and adapt quickly to changing markets and customer needs. With North America's largest fleet of specialized construction equipment, we're able to self-perform 85% of work. From our innovative services to our industry-leading resources, InfraSource is a partner you can trust.

# About Quanta

## INFRA SOURCE IS A WHOLLY OWNED SUBSIDIARY OF QUANTA SERVICES

InfraSource is a proud member of the Quanta Services family of companies. When Quanta acquired InfraSource in 2007, we gained access to:

- A network of sister companies which helps us self-perform 85% of our work. Our relationship with Quanta reduces project durations, mitigates risks and provides collaborative, thorough infrastructure solutions for our clients.
- The fourth-largest fleet in the country, with over 63,000 pieces of equipment and 42,000 highly trained personnel. Our skilled workforce is the largest in the industry and allows us to complete projects and contracts of all sizes throughout the country.
- Dependable financial backing as part of a Fortune 200 Company. Through our partnership with Quanta, we can offer flexibility in project / contract services and pricing / bidding capabilities.

# QUANTA BY THE NUMBERS

Projects are getting larger and more complex — and customers are increasingly seeking cost certainty and performance. Quanta is positioned as the largest energy infrastructure specialty contractor in North America, meeting your demands as an end-to-end solutions provider. We self perform 85% of our work to ensure the lowest risk and highest quality across our industries.

**#1**  
Largest employer of union and non-union line workers in North America

**#1**  
Largest procurer of line trucks in North America — and 4th largest fleet in North America

**11B+**  
More financial capacity than competitors to tackle major projects. 2020 revenues = 11B+
