A TRUSTED PARTNER WITH A PROVEN TRACK RECORD

Our commitment to innovation and industry-leading resources make InfraSource a trusted partner. We focus on building strategic, long-term relationships with our customers. We do this by delivering construction services with integrity, a commitment to safety, and the promise of quality.

We continually expand our expertise and extend our geographic reach, enabling us to anticipate and adapt quickly to changing markets and customer needs. We have built a reputation as an industry leader, offering solutions and serving as a premier provider of infrastructure services.

UNION CONTRACTOR

Our skilled teams specialize in wind, solar, gas, electric and communication projects. InfraSource has signatory agreements with labor unions across the Northeast and beyond, and we are a signatory to the National Maintenance Agreement. We are committed to working collaboratively with local jurisdictions to ensure compliance with the terms of these agreements.

COMMITTED TO SAFETY AND QUALITY

InfraSource is committed to the health and safety of our employees, customers, contractors, and the communities in which we work. Our goal is to complete all projects without injuries because it is our duty to do so. We have created an atmosphere in which all of our employees have the opportunity and obligation to take ownership of their own safety and of their coworkers.

At Infrasource, safety takes precedence over all business pursuits and work practices. We provide and maintain a safe work environment for all our stakeholders so we can bring all our people home safely each day.

Safety is not merely the absence of injuries; it is the presence of capacity.

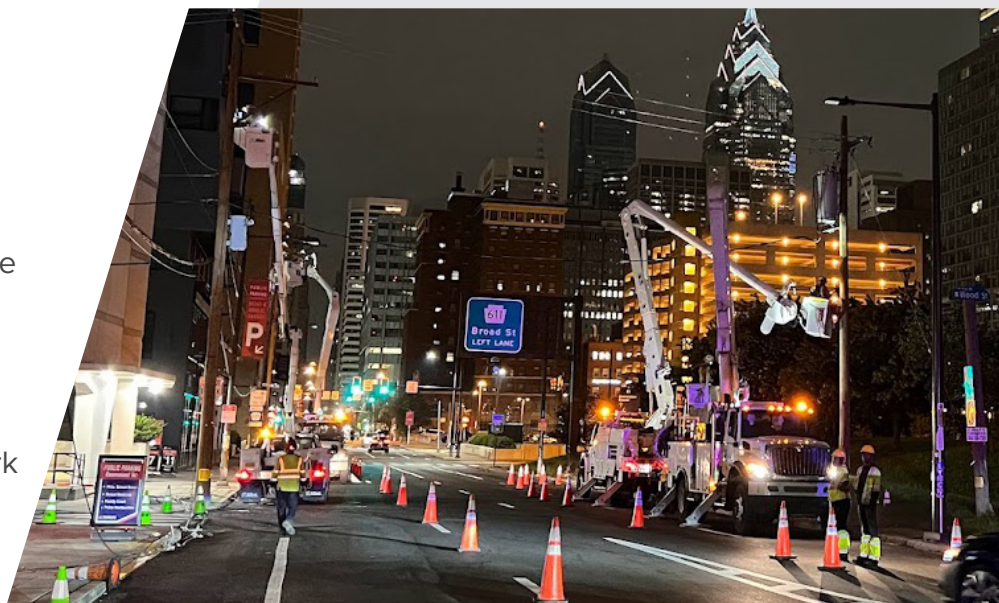

The Capacity Model™ creates a work environment focused on preventing an incident while also building the capacity for failure. Learn more about The Capacity Model.

QUALITY COMMITMENT

The InfraSource Fusion Collection Program was established to maintain the highest quality standards within our company. Quality is a core value and key to our success as we serve clients nationwide. Our top priority is the safety of our employees and customers. To uphold our standards, we conduct thorough visual inspections of our plastic fusion and mechanical fittings with multiple reviewers. This program enhances the quality of our work and is integrated into every project providing added value to our customers.

SUPPORTED BY THE PWR OF QUANTA

In 2007, Quanta acquired InfraSource, and we now operate as a wholly-owned subsidiary of Quanta Services. Quanta's decentralized structure allows our customers to rely on operating companies they know and trust. Simultaneously, it provides operating companies with the financial strength of being backed by a Fortune 200 company.

Our relationship with Quanta reduces project durations, mitigates risks, and provides collaborative, thorough infrastructure solutions for our clients.

Leveraging Quanta's highly trained workforce, coupled with a fleet of specialized equipment, enables us to successfully complete projects and contracts of all sizes.

CHANGE NOT CHARITY

InfraSource stands at the forefront of creating MEANINGFUL AND SUSTAINABLE SOCIAL AND COMMUNITY IMPACT through active participation and strategic charitable investments.

Our Social Impact Program is so much more than a plan for charitable giving of dollars. Participation is core to our mission. That means:

- Taking action in communities
- Driving equitable solutions
- Building partnerships with causes and organizations that align with our commitments

A CLEAR FOCUS

We have selected six core areas of focus allowing us to evaluate where and how we contribute to change with our charitable programs. We always ask what we can do in addition to what we can give.
